NEWS DISPATCHES FROM THE INTERNATIONAL NEWS SERVICE.

VOLUME 6.

MARYVILLE, MISSOURI, SATURDAY, JAN. 22, 1916.

NO. 200.

HENRY J. ALLEN! HERE JAN. 30

FAMOUS EDITOR OF WICHITA BEACON WILL DISCUSS SALOONS.

IS PROGRESSIVE LEADER AND GOSPEL TEAM MAN

Meeting Will Be in Circuit Court Room
Exclusively for Voters of
Maryville.

Henry J. Allen, editor of the Wichita Beacon and one of the national leaders of the Progressive party, will speak in Maryville Sunday night, January 30, at the court house. The speaking will be under the auspices of the Local Option Executive Committee and will be open to the men only. It was Henry J. Allen who took the leadership of Roosevelt forces in Chicago in 1912 when Hadley decided to remain with the Republican party. He was candidate for governor of Kansas on the Progressive ticket at the last election. F. P. Robinson, a leading Progressive and chairman of the committee here secured the consent of Mr. Allen to speak here several months ago.

But it is not as a politician or party man that Mr. Allen comes to Mary-

HENRY J. ALLEN.
Noted Kansan who will speak here on
Saloons, Sunday, January 30.

gospel team work, following his conversion by Billy Sunday several years ago.

No man in Kansas probably is more thoroughly familiar with that the abillie but as the man who led the fight to drive the saloons out of Wichita and as the most prominent man in sense of saloons has done for the welfare of that state. He is prepared to tell us all of that and his reasons for believing that the saloon has but few years more life in the whole nation.

He is authorized to speak for the nation too, as is shown by his frequent articles in such magazines as Collier's and the Saturday Evening Post on current governmental problems.

His address will be given at 7:30 o'clock in the circuit court room a week from tomorrow night.

All Sermons Tomorrow on Saloons. The Ministerial Alliance has arranged for the pastors of each church to present the cause of those opposed to the saloon in their sermons tomorrow night. The pastor of the Baptist church had planned for a mass meeting tomorrow afternoon to be addressed by Dr. H. A. Smoot.

This meeting has been called off, however, and the evangelist will talk Sunday night at the same time as the other preachers on the anti-saloon topic, "The Liquor Traffic versus Christianity, Morality, Honesty, Pros-

perity, Civilization, Home and Heaven." Rev. Gilbert S. Cox, pastor of the First Methodist church, will preach Sunday evening on "The Foes and Allies in the Present Campaign."

The subject on which Rev. C. Emerson Miller of the First Christian church will preach Sunday evening is "Weighed and Wanting."

Rev. William Moll Case, pastor of the First Presbyterian church, will use as his subject Sunday night, "The A. B. C. of Civil Preparedness."

The Rev. R. C. Holliday, pastor of the Buchanan Street church, has returned from helping in a revival near Barnard and will preach at both services tomorrow. His subject in the evening against the saloon will be, "Fulfilling God's Expectations."

LEECH, ILL, COMES HOME

CAPTAIN AND STAR FORWARD OF
NORMAL UNABLE TO PLAY.

Students Know Now Why Springfield
Normals Won 41-27 Last Night,
Also Why Drury Won.

The mystery is explained. Howard Leech, captain and star forward of the Maryville Normal team, was not in the Springfield games. He arrived home last night, having become too ill to remain with the team. His place in the line-up was taken by Lollis.

Leech was able to play about ten minutes of the Drury game when he was forced to quit. He had been down with the gripe last week but was able to play in the Missouri Wesleyan game here. He had high words of praise for the Drury team but did not see the Springfield Normals in action.

"Springfield forty-one, Maryville twenty-seven. Boys played good game. Out weighed twenty pounds to man," was Walter Hanson's message to The Democrat-Forum last night. Another game will be played tonight with the Normals. The team will arrive home tomorrow night on the Burlington. Words of cheer are being wired to the team each day by the students and the bunch will probably be met at the station in spite of their defeats.

The Normal's next game is with William Jewell at Liberty next Thursday night. The next home game is with the same school here February 4. The following report of the game is from the Kansas City Journal:

Springfield 41; Maryville 27.
Springfield, Mo., Jan. 21.—Following their defeat at the hands of Drury here last night, the Maryville Normal basketball team lost to the Springfield Normals on the Normal's court tonight, 41 to 27. Eleven of Maryville's points were made on free throws. Vandersloot for the visitors, made eleven of the nineteen free throws. Maryville and the local normals will play again tomorrow night.

MUNITION SHIP IS AFIRE

Norwegian Vessel Which Sailed Yesterday, Returned to Port and Fire Boats Are Helping.

Special to The Democrat-Forum.
New York, Jan. 22.—The Norwegian steamer Sygal, of 4,000 tons, filled with munitions of war and bound for Vladivostok, returned to port this morning with a fire raging in it. The Sygal left the Brooklyn docks yesterday.

Fire boats are assisting in fighting the flames. Steamer officials refused further information further than that the fire is under control.

EATONS TO DENVER

GEORGE R. EATON BECOMES OFFICIAL IN ELECTRICAL CO.

A RURAL PHONE DEVICE

Will Be Secretary-Treasurer of Hull
Selector Co., to Make Party
Lines Private.

George R. Eaton, the well-known Wheeler & Motter traveling salesman who has made this territory the past nine years, will sever his connections with that firm the last of this month to become secretary-treasurer of the Hull Signal Selector Co., of Denver.

They are the owners of the patents and manufacturers of the Hull Signal Selector, a device of proven merits, in which the telephone world, in both the United States and foreign countries, has shown a keen interest.

This device will, in the opinion of electrical and telephone experts, revolutionize the party line telephone system of the world within the next two years, giving each subscriber absolutely private service, and doing away with code rings.

The device has been put to every test the last two years, and the first output of the company goes to the equipment of government lines, this alone requiring 25,000 devices. This came as a result of tests made on the telephone lines of the Forest service, United States Department of Agriculture, and approved by forest supervisor.

Inside of ninety days the factory will be in full operation, with over 95,000 orders which have resulted from demonstrations before electrical experts, and publicity given thereby.

There are today more than twenty-five million party line telephones in use in the world, there being some thirteen million (13,000,000) in use in the United States alone. As every subscriber desires better service, private service, it may well be imagined what the future demand for this attachment will be.

Description of Selector.

The Hull Signal Selector is the only known attachment giving private service, which will operate on grounded as well as metallic lines, and ninety per cent of all party lines in the world are grounded.

The device is only 4 1/2 x 3 1/4 x 2 1/2 inches in size, wholly self contained. Parties call each other direct without going through central, except in case of long distance or other lines.

Not only can a subscriber call just one person and have a private conversation with him, but a party may be called, three or four or a dozen. In fact a director's meeting could be held on the line with safety. Another button calls every subscriber in case of fire or other reasons for desiring everyone on the line. The device will sell for \$8 each.

The Hull Signal Selector Co. was organized in 1914 to buy the Hull patents and to manufacture and market the Hull Signal Selector. Phone men declare the stock of this company to be as valuable as the original Bell phone stock which today is quoted at one hundred and ten (\$110.00) dollars per share.

For the past twenty years Bell, Thomas A. Edison, Westinghouse, Kellogg, and others have labored unceasingly with the various problems attending solutions of the questions involved in perfecting multiple telephone service.

Horace Hull, a Colorado man, endowed with electrical genius, and being situated in the rural field, was forcibly impressed with the disadvantages of party telephone service, and after years of constant study and experiment, perfected the present device. Mr. Eaton is a heavy stockholder in the company, being one of the very early investors. Mr. L. A. Stillwagon, his father-in-law, with his wife has frequently visited here enroute between Denver and their home in Florida, is vice-president and general manager of the company, being one of the organizers as well as one of the heaviest stockholders.

Mr. and Mrs. Eaton who have lived in Maryville since their marriage three and one-half years ago, will leave February 1, for Denver, where Mr. Eaton will assume his new duties in the general office of the company, suite 402-403 Gas and Electric Bldg., Denver.

Mrs. Harry Howland, who has been the guest of Mrs. Elizabeth Howland, left this morning for Belckow, enroute to her home in Excelsior Springs, Mo.

A PROCLAMATION.

Whereas, The week of February 21st to 26th inclusive has been designated as National Pay-Up Week, to be observed throughout the nation; and

Whereas, People in cities, towns and communities in all parts of the country are uniting to make National Pay-Up Week a memorable event, conducive to the good of all, and

Whereas, A spirit of optimism now prevails among our people as a result of the present era of prosperity existing throughout our country; and

Whereas, An event of this kind is bound to prove beneficial to every citizen in every city, town or community that observes it; therefore,

I, by the authority vested in me as mayor of Maryville, Missouri, do hereby designate and proclaim the week of February 21st to 26th inclusive, 1916, as Pay-Up Week in this community, and I do sincerely trust that every man and every woman in our city or community who owes a debt will endeavor to pay it during this week and thus aid in this great national movement for prosperity.

U. S. WRIGHT, Mayor.

C GRIFFEY KILLS SELF

CHARLES GRIFFEY TAKES LIFE
JUST BEFORE NOON TODAY.

IN BASEMENT OF HOME

No Reason Known for Deed by Friends
and Relatives—Used 22-Cal-
iber Rifle.

Charles Griffey, living two and a half miles southeast of Clearmont, ended his life shortly before noon today with a 22-calibre rifle. It occurred in the basement of his house, the rifle being placed against the side of the head and the shot taking effect in the back of his temple. Death occurred at once.

No cause could be advanced as to the reason for taking his life. Mrs. Griffey did not hear the report of the gun but found his body several minutes after his death. Mr. Griffey seemed to be in his usual spirits this morning, and the taking of his life is a big surprise to his many friends in that community.

Mr. Griffey was a son of the late James Griffey, who was killed in a railroad accident several years ago. He is survived by his wife, his mother, and four sisters and four brothers. They are: Mrs. George Bush of Broken Bow, Neb.; Mrs. Joe Maier of Hopkins, Kan.; Mrs. F. A. Trimble of Feldon, Kan.; Mrs. Arlie Hodges of Clearmont, and Ed, Fred and Albert Griffey of near Clearmont, and G. Griffey of Colorado.

Dr. Wm. Wallis, Jr., coroner, was called and an inquest is being held this afternoon at press time. Mr. Griffey was a member of Maryville commandery No. 46, Knights Templar.

House Meets French Officials.

Special to The Democrat-Forum.
Paris, Jan. 22.—Col. House, representative of President Wilson, met a number of French government officials. He refused to make a statement.

Another Norwegian Fire.

Special to The Democrat-Forum.
Christinia, Jan. 22.—The town of Molde, southwest of Christinia, almost completely destroyed by fire, which is still raging. Two thousand are homeless.

SO MOUND CITY DID

ONE TEAM HAD TO LOSE, AND
MARYVILLE WOULDN'T.

FINAL SCORE WAS 23-17

Guarding Was Close and Fierce—Vis-
itors Lead 13-12 at End of
First Half.

One of the teams which ran out upon the floor at the Normal gymnasium had to taste defeat for the first time this season. That was a certainty and each was just as certain that it was not to be his team. Mound City had ten straight victories; Maryville three.

It would seem that the larger number would have made winning a habit with the visitors but there were five students and a coach of the Maryville High School who just couldn't see it that way. Mound City lead 13-12 at the end of the first half but one field goal and two free throws was all they could gather in during the second session, so their final score was 17. Meanwhile M. H. S. ran their total to 23.

The Holt county five were a bunch of big boys and their floor work was better than that of the local boys, their passing being more certain and quick. But when they got the ball near their goal line, they were weak in that very essential feature of making the ball pass between the ring.

Only one thing needs to be noted as a compliment to the guards. That is the score. Close and fierce score-prevention was the distinctive feature of the game. The Maryville guards, particularly Hughes in the first half, were a team in themselves. Tilson's forward got only one goal during the game.

Mound City had the ball in their territory at least two-thirds of the first half. The guards did not have so much work in the second half when Maryville kept the play in their territory most of the time. Maryville's most evident weakness was slowness in passing the ball and passing toward their opponents goal too frequently.

In the goal shooting Seleman was in a class by himself, getting two in each half. His best work was overhand twists under the goal. Dave Hughes slipped one over by dribbling down and shooting a goal in the second half when all Mound City was set for a pass. Van Cleve got a field goal. That makes twelve points by goals. The other eleven points were made by Van Cleve's free throwing from fouls.

Van Cleve Won the Game.

When it is seen that Mound City got just the same number of field goals, making twelve points, it is not hard to prove that "Kay" won the game for Maryville by missing only four of eleven chances in the first half and one out of six in the second. Waggoner of the visitors had the same number of chances which Kenny had in the first half and missed as many as Kenny got. He was the best goal shooter for Mound City. Crisswell, the other forward, was the best floor man there, but he got only one goal. Meyer, center; Buckley and Noll, guards, were the other players.

Van Cleve and Crawford, forwards; Seleman, center; Hughes and Tilson, guards; played the game through for Maryville. Lichtenberger of St. Joseph, a graduate of Milliken University, refereed the first half and umpired the second. Fred M. Burks, a druggist of Mound City, alternated with him. Fred Lewis was scorekeeper and Walter Wray, timer.

The yelling of the M. H. S. students was a feature led by Martin Lewis, Jr., Miss Mattie Clayton, and Claude Glass. After the game the teams, coaches and officials were entertained with a supper. Several Mound City enthusiasts accompanied their team, led by Prof. C. Finkbeiner, coach. They were Roy A. Carter, J. W. Mitchell, Howard W. Mills, Walter A. Metzger, Weldon Rock and J. G. Dameron.

Much credit must be given to the manly and sporty way the visitors took their defeat after ten victories which made it all the harder. The refereeing was satisfactory and Mound City made no complaint although they were fouled seventeen times to Maryville's twelve.

The next High School game will be next Saturday night in the Normal gymnasium with Benton High School of St. Joseph. The admissions last night at 25 cents were \$32 and 126 season tickets were used, making a paid attendance of 246.

ST. JOSEPH OFF WILSON'S ROUTE

MARYVILLE'S CHANCES OF HEAR-
ING PRESIDENT HURT.

IN DES MOINES FEB. 1; KANSAS CITY FEB. 2

If Day Trip is Made to Topeka, We
May See Him—Week May De-
cide Candidacy.

Special to The Democrat-Forum.
Washington, Jan. 21.—St. Louis, St. Joseph and Davenport, included in the tentative itinerary announced last night of President Wilson's trip through the middle west, have been eliminated and Topeka and Milwaukee substituted.

He will speak at a night meeting in Des Moines, Feb. 1; at a day meeting in Topeka, Feb. 2, and in Kansas City the same night.

Whether the president will be a candidate to succeed himself or not depends upon the reception accorded him by the people on his "swing around the circle," it became known today.

According to friends, the itinerary was planned to include the points where many opponents of the policy of preparedness defense will be present, so that a line on the sentiment of the country may be obtained.

National Democratic committeemen will size up the crowds and their judgment as to the political chances will be relied upon. Mr. Wilson will also talk from trains at several important towns and cities along his route.

Hurts Maryville's Chances.

The removing of St. Joseph from the cities in which President Wilson will speak hurts the chances of this city for hearing the chief executive. If it is impossible here, many are planning to go to Kansas City or Des Moines.

Only one chance remains. If President Wilson spends the night in Des Moines, his route to Topeka might be secured through Maryville the next morning. It is probable, however, that the trip will be made in the night from Des Moines to Topeka.

SNOW SLIDE KILLS 3 IN TRAIN

Two Coaches Were Swept Down Hun-
dred-Foot Embankment and
Many May Be Buried.

Special to The Democrat-Forum.
Everett, Wash., Jan. 22.—At least three are dead as the result of a snow-slide which struck a Great Northern passenger train at Corea. Two cars were swept down a hundred-foot embankment. It is believed that many are buried beneath the wreckage.

UPHOLDS UNIVERSAL MILITARY.

Former Secretary of War Says Lack is
Democracy's Weakness.

Special to The Democrat-Forum.
Washington, Jan. 22.—That lack of universal military service is the weak spot of American Democracy was the declaration of former Secretary of War Stimson at closing session of National Security congress. He warmly commended the continental army plan.

Mrs. W. T. Gray went to Hopkins this morning where she will be the guest of her daughter, Mrs. L. C. Severs.

* THE WEATHER *

Fair tonight and probably Sunday.

Announcement.
We are authorized to announce Robert I. Young of Buchanan county as a Democratic candidate for Congress from the Fourth district, subject to the primary election to be held August 8, 1916.

The large number of towns in northwest Missouri which are taking up the "Pay Up Week" idea shows that Maryville is able to pick winning features to boost.

ANOTHER SALOON CHOICE.

Boonville, Brookfield, Cape Girardeau, Chillicothe, Excelsior Springs, Fulton, Jefferson City, Lexington, Louisiana, Moberly, Palmyra and St. Charles.

Cameron, Carrollton, Columbia, Fayette, Gallatin, Higginsville, Independence, Kirksville, Liberty, Macon, Marshall, Mexico, Richmond, Tarkio, Trenton and Warrensburg.

There are two lists of Missouri cities of the size and grade of Maryville. To one who knows the state well, the comparison of the two lists is most interesting. For some good towns are in the first list; better than some in the second group. Several cities in the second list might be a great deal better than they are.

But look the list over again carefully, particularly you who know them well. In which group of cities would you rather rear a family if you were compelled to live one year in each town until your children were grown?

Isn't it well known that the second group are also better business towns, have better streets, are better boosters for the things really worth while, filled with educational institutions and having an atmosphere of culture and refinement, on an average, higher than the towns of the first.

Towns in the first list are wet, in the second without saloons.

The local option campaign in Maryville is without question unique in the history of the fight against the saloon in Missouri. Altogether a "made-at-home" affair so far as the management is concerned. Conducted on the "still-hunt" basis with few public meetings.

We are hearing almost nothing of the old time honored tirades against the saloon. Really but one argument has been stressed, that of the presence of the Normal. But the business advantage and town pride argument might be more strongly emphasized. The time has come in Missouri when it is

a strong reflection, if not a disgrace, for a city to go wet.

Into which class will Maryville choose to step February 3?

After a particularly grouchy remark, Fuller Grippe, who has been confined to his home several weeks with the best known disease, was heard to add that all's fair in love or the grip.

The educational work which is being done by the Missouri Fire Prevention association is to be commended. And, like doctors working for sanitation, most of these men are firemen and their efforts are against their own business.

"May-Time in Missouri," a bulletin by Jewell Mayes, secretary of the state board of agriculture, is a delightful presentation of the attractions of our state. Many of the beautiful cuts of J. Kelly Wright's lecture are used.

This Once Was News

FORTY YEARS AGO.

The real estate transfers for the week ending January 15 amounted to \$20,863.

One hundred head of 3-year-old steers, the average weight of same being 1,455 pounds, also 170 head of hogs sold for \$9,500.

James L. Hepburn, assessor of Independence township, returned to County Clerk Joseph Jackson one of the nearest assessor's books which he have seen.

A library and lecture association has been formed and Judge Alexander has kindly offered the use of his hall to the association for one year free of charge.

A fine farm of 140 acres, situated one-half mile south of the Davis school house sold for the sum of \$4,000.

A number of the ladies of this city will give a grand leap year party and dance at Union hall tonight. The "lords of creation" are happy over the event, as the ladies will bear them around and pay for their fun.

TWENTY-FIVE YEARS AGO.

Prof. Charles A. Hawkins is a candidate for county school commissioner.

Frank Barmann informs us that his sales of sleighs this winter have been very large.

Our ice men are busily engaged in hauling the congealed fluid.

William Job, the assessor of Polk township, has figured out that the geographical center of Nodaway county is about Nat Sisson's new residence, west of the city.

W. R. Smiley will open a new lumber yard on the Ridgeway lot, on West Third street, about February 1.

There are three banks in Maryville. The officers of the Maryville National bank are George S. Baker, president; J. S. Frank, vice president; George L. Willey, cashier, and Elmer Fraser, assistant cashier. The First National bank officers are Joseph Jackson, president, and H. W. Richmond, cashier. The Nodaway Valley bank officers are James B. Prather, president, and Theodore L. Robinson, cashier.

TEN YEARS AGO.

Better depots for Maryville were discussed at a meeting held at the Elks club. W. C. Pierce, C. J. Alderman, R. S. Brandler and George B. Baker were appointed to confer with the Wabash road, and Frank Shoemaker, Fred Robinson, J. R. Brink and George A. Pickens to confer with the Burlington.

G. O. Garrett has been issued a stock watering apparatus patent.

Three hundred acres of land was sold for \$13,500. It is located eight miles northeast of Maryville.

Circulars have been issued by President Deere of the Maryville Normal announcing the opening of a summer term, Wednesday, June 13, 1906, and lasting nine weeks, in the high school building.

Burlington's Great Record.

The Chicago, Burlington and Quincy railroad company boasts of not having killed a single passenger of the 23,000,000 carried on its line during the past year. This a remarkable record, but not an unusual one for the Burlington. The record is emphasized when it is taken into consideration that the Burlington operates 3,000 miles of track and 460 passenger trains daily.

The Democrat-Forum's number on the People's telephone is 114. Call us up often.

COLLEGE MEN FAIL
IN QUIZ ON WAR

Test Shows Students Are Ignorant of Current Events.

MANY LUDICROUS ANSWERS

Examinations in Three Institutions Result in College Authorities Seeking Corrective Measures to Cope with Deficiency—Believe Students Are Indifferent to European Affairs.

New York.—Whether the ignorance of the college student of today is representative of a growing indifference on the part of the American public to world events, persons and places intimately associated with the European war is a question which college and university authorities are investigating as a result of examinations recently held under the auspices of three representative institutions. As an immediate result of the recent quiz on contemporary events conducted at New York university, where an average grade of 58 per cent was the rating shown by fifty-nine students, several members of the faculty are looking for corrective measures to overcome this deficiency.

It was stated by a member of the department of history at the New York university that he believed the apparent indifference of students toward the present war was indicative of a general tendency on the part of the public to neglect a close study of affairs in Europe. That the surprising lack of information of affairs immediately connected with the war was not peculiar to students at any university was further expressed as the opinion of Professor A. H. Nason, assistant professor of English at New York university. Professor Nason, who submitted twenty-one questions to students in his various classes, pointed out that the questions used have also been submitted to students of two other institutions—a middle western state university and Bowdoin college—where the results were about the same.

Dean Kenneth C. M. Sills of Bowdoin college is quoted as saying, "I do not think college men of New England colleges are very steady newspaper readers," and referred to the matter as "lamentable, but not surprising." Some of the questions asked by authorities at both Bowdoin college and New York university received answers which in many cases were ludicrous. At Bowdoin out of a class of fifty-three students twenty were ignorant as to the location of Gallipoli, which in many cases was put variously in Italy, France, Bulgaria, Greece and Berlin. New York university students answered the same question with apparently as little accuracy.

The French General Joffre was variously designated by students at both institutions as "Joffree," "Joffery," "Geoffrey" and "Jeffrey," indicating a general unfamiliarity with even newspaper headlines. The question, "Who is Venizelos?" resulted in similarly ridiculous answers. Some recollected the ex-premier of Greece as a Spanish artist, another said that he was a Mexican rebel, while still another designated him as the premier of Italy. When asked "Who is the present ruler of England?" several students replied variously King Edward, George III, IV or VI as the correct information.

In the department of history at New York university Assistant Professor Theodore F. Jones submitted current questions to a class of students in European history, among which was the query, "Where is Christiania?" Only two students knew its location, in spite of the fact that the daily papers of the day before all contained long accounts of the landing of the Ford party at that city. One student of the same class half seriously answered the question, "Who is Sir Douglas Haig?" by stating that he would answer the question correctly if told where the other "Haig" was.

Of the fifty-nine students taking the examination at New York university none answered all of the inquiries correctly, while only three obtained a grade above 90 per cent. Of a class of twenty-three freshmen nine failed, while the average rank was 63 per cent. Another class of the same number of freshmen averaged only 52 per cent, and thirteen failed to pass, while a class made up of upper class men did as poorly and averaged a grade of only 61 per cent.

ADVERTISING GETS WIFE.
Virginia Man Courts by Mail and Marries Indiana Woman.

Hymers, Ind.—Thomas Bond Buchanan, aged forty-five, a wealthy farmer of Petersburg, Va., advertised for a wife, and he found one.

After a few months of courtship by mail he came here to see his sweet heart. Each was pleased with the other's manner and appearance, and they were married. The bride was Jennie Stewart, aged forty-three.

Banker Sees Play Sixty-ninth Time.
Appleton, Wis.—Herman Erb, president of the First National bank, saw "Uncle Tom's Cabin" for the sixty-ninth time lately. He has not missed the play in over thirty-five years, and although seventy-two years of age he says it grows on him each time he sees it.

"Maryville Should Not Have Both"

We notice that Maryville is to vote on local option on February 3rd. This will make the second or third time that Maryville has attempted to rid herself of her saloons. The election held four years ago was very close, and the people of Atchison county fully expect a dry victory in the fair metropolis of Nodaway county this time. We are told that Maryville is the only black spot in Northwest Missouri. Rock Port tried hard to get the Normal that went to Maryville, and our people do not understand why Maryville will jeopardize the interests of their great school by retaining its saloons.—Atchison County Mail (Rock Port).

Owe it to the State.

Maryville will vote February 3 on a proposition to prohibit the sale of liquor in that town.

Under ordinary conditions it might be considered a local issue, but with the State Normal located there, the people of Northwest Missouri have more than usual interest in Maryville, and Maryville owes more consideration to outside counties than the average run of Missouri cities.

Practically all of the territory from which the Normal draws its attendance is dry and Maryville has a plain duty to the state to perform in excluding the saloons.

For people to vote out the saloon at home and then send their boys and girls to a booze ridden town to be educated during their most precarious years of their lives is worse than folly.

The State Normal and the booze dispensary are an ill assorted team. Maryville should be entitled to her choice but should not be allowed to have both.—Trenton Republican.

Saloons and Normals Bad Mates.

In Maryville there are two saloons, each of which pay an annual license of \$5,200—the highest in the United States. In Maryville, there is also a Normal school, which makes teachers of northwestern Missouri's young men and women.

Thursday, February 3, the voters of the city of Maryville will hold a local option election. When the returns are reported the people of this section will know that Maryville is or is not a city which is morally fit for a state educational institution.

People no longer believe in the old theory that saloons may be and should be made respectable. In practice this theory is as impossible as that of the honest thief, and every man has come to know that this is true.

People have also learned that saloons spend more revenue than they earn. They have come to see that the liquor industry is more expensive for every dollar that is added to the price of the license.

If Maryville again licenses liquor it can be for no other reason than because the majority of her citizens love liquor for its own sake and will have it at any moral or financial cost. We believe our neighboring city has more respect for the good, the moral and the educational things of life than for the infamous wreckers of lives, but if we are mistaken in our prediction, steps should be taken to remove the normal to a city that offers more wholesome environments for young people.—Craig Leader.

What Atchison County Thinks.

The readers of the Avalanche will be glad to know that the people of Maryville are going to make another effort to rid that town of saloons in a special election called to be held some time early next month. Maryville, the seat of the Northwest Missouri Normal, is the only wet spot in all this part of our state.

The people of Atchison county hope and fully expect to hear of a victory for the dry forces at Maryville this time. At the election held four years ago, the wets carried it by a very small majority.

It is said that the two Maryville saloons pay the highest licenses in the United States, and it will probably be a temptation to some of the tax paying citizens of Maryville to want to retain the saloons to get this revenue. However, the experience is universal that towns without the revenue of saloons are better off financially than with it.

Tarkio has had no saloon revenue for thirty-five years and is out of debt and probably has as many blocks of paved street and miles of concrete sidewalk as any town of its size in the state.

When Rock Port had four saloons a few years ago, warrants three or four years old remained unpaid and the city was away behind on its finances; now, we are told, it is on a cash basis.

If the people of Maryville expect the young men and women of Atchison county and other counties in northwest Missouri to patronize its fine Normal school, it must rid itself of the out-of-date dramshop.

Tarkio is proud of her college and one of the appeals we make so successfully in its favor, is the fact that Atch-

ison county expects the people of Maryville, the only black spot in northwest Missouri, to roll up a big majority in favor of making the state all white.—Tarkio Avalanche.

Will Maryville Go Dry.

That is the question which is uppermost in the thoughts of Nodaway county people these days, and is to be decided on February 3. On that day the city will have a chance to say which it shall be, wet or dry, by going to the polls and casting their votes.

Maryville is a city, with its different churches, lodges, associations, clubs, its rest room, its business men, but above all the fifth Normal School overflowing with young men and ladies of our county.

One minister from a nearby county in encouraging the booze fighters in Maryville said, "If you want our boys to attend the Normal the saloons must go."

All of Nodaway is with Maryville, heart and soul in putting out this curse.—Barnard Bulletin.

Raus Mit 'Em.

is the echo of voices everywhere. Saloons have had their day and on February 3, the voters of Maryville are going to vote out the two hell-holes running there now. A petition was circulated in Ravenwood first of the week by the Anti-Saloon league, and we are proud to say that nearly every voter has signed it.

Yet while this does not materially effect the voters of Maryville, it should be a reminder that when they cast their vote that the majority of the good people of the county are against the saloon traffic, and every voter of Maryville should go to the polls February 3, and cast his vote for the majority.

Thousands of dollars are being spent annually to maintain the State Normal, only to be disgraced by the saloon traffic. Then there are people who cry out, take the saloon away and Maryville will be dead.

When you hear a man talk like that, stop and examine his head and you'll find he is narrow-minded. Kill the town, eh? Des Moines is a live wire, the only dead part in that town are the saloons and its former proprietors.

Why do Nodaway county folks send their boys far, far away to college? You know why. Another says, I can't see where the saloon hurts anyone, of course not, it's because that fellow isn't out of the saloon long enough to let the fresh air of God Almighty blow the stink off of him, not alone know what is hurt and what is not hurt by the saloon.

There are several reasons why Maryville shall vote dry and the people will accomplish no greater work, than by putting their shoulders to the wheel on February 3, and swoop down on the saloon and say "Raus Mit 'Em."—Ravenwood Gazette.

What Others Believe

An Open Letter to Stone.

Hon. W. J. Stone: Dear Sir: It is evident that the existing war in Europe has not created any new danger of our nation being attacked by any foreign power, nor from any of our Latin American countries. Our defensive preparation for any possible danger or emergency liable to arise before the present European war began was amply sufficient for our protection and safety. But wealthy magnates in our country who have been enriched by furnishing war munitions for European belligerents and others who hope to profit by the miseries of war conditions in our country have caught the idea, and by subsidizing the press in their interest, have misled our country with the illusion that we imperatively need a greatly increased defensive army. But, thank God, we have a few intelligent Christian patriots like W. J. Bryan and others, who see the demoralizing tendency and danger of this expensive and oppressive "war preparedness" hallucination, and with Christian heroism are remonstrating against it, and are creating a reactionary public sentiment against it, destined to

At Macon Osteopath Sanitarium—Body Brought Here Tonight for Burial.

Miss Maude L. Willhoite died this morning at the Still-Hildreth Osteopath sanitarium at Macon, Mo., where she had been since November, taking treatment for paralysis. Her mother, Mrs. M. J. Willhoite, was with her at the time of her death.

Miss Willhoite was about 34 years old and had lived near Maryville practically all of her life. She is survived by her mother, three brothers and three sisters. They are: O. J. Willhoite, A. K. Willhoite, Ernest Willhoite, Mrs. Charles Karr, Skidmore; Mrs. Elmer Walker, Aurora, Kan.; Mrs. Delbert Vert of Maryville.

The body will be brought to Maryville tonight for burial. The funeral services have not been arranged.

Pratt's Regulator guaranteed egg producer. Koch Pharmacy.

The funeral services of John Holker, who died yesterday at his home, near Hopkins, will be held Monday morning at 9 o'clock at St. Patrick's Catholic church. The Rev. Father Niemann will conduct the services. The burial will be in the Catholic cemetery.

WHO PROFITS BY ROCK?

HARD ROADS OF MOST BENEFIT TO FARMERS.

Every Investigation Shows Increase in Farm Value, Easier Loans and More Prosperity.

Who gets the most benefit from rock roads. A big debate is going on over this question in a number of Missouri counties where bond issues for rock roads are planned or pending. The motorist, the merchant and the land owner are all nominated, but the preponderance of benefit appears to be conceded to the land owner.

Here are some of the admitted benefits he gets: Rock roads increase the selling price of nearby farms. In Jasper, Pettis, St. Charles, St. Louis, Cass, Boone, Jackson, Lafayette and Callaway counties rock roads have added from \$7 to \$150 an acre to the selling value of the farms without increasing the assessed value.

Thus the increase is better than money in the bank, because invested in the safest security of all—land. If the owner does not wish to sell and profit by the increased value at once, it remains to add to the value of his estate.

W. S. Webb, a Kansas City banker, declares he will always lend \$10 more an acre on the rock road farm and has never foreclosed a mortgage on one. It has been figured that good roads save the average farmer more haulage costs than his tax for building the hard roads. It costs the average Missouri farmer as much as a ton to haul his produce to the station as it would to ship it 156 miles by railroad.

But a bigger saving than this is in being able to sell when the market is highest; in getting scarcity prices when the dirt road competitors cannot get to market. Governor Capper estimates this feature alone costs the average Kansas farmer \$100 annually. One of the greatest benefits of rock roads is to the rural schools.

The United States census report shows that in the states with improved roads the average attendance at the rural schools is 75 per cent, while in the states backward in road work, the average attendance is only 59 per cent.

The country life conferences have declared that the rock road is the salvation of the decaying country church. Rock roads have been shown to actually reduce the expenses of the farm. It is estimated that the average farm could get along with one horse less if it had a 365-day road to market.

J. D. Clarkson, president of the National League of 365-Day Road and Community clubs, and a practical road builder, declares: "Give me one sound 4-year-old mare for every 80 acres of land abutting a road and I will build a 365-day highway and maintain it."

The farmer can get along with one horse less, so his road has cost him nothing, and he has the feed saved for profit on the deal. Also he has traded something he did not need for something he needs badly."

The United States office of public roads asserts that rock roads increase the productivity of farm, because they give a quick, strong market for farm products which stimulates greater production. Also the rock road farmer can go to market rainy days and devote favorable days to farm work. A common assertion is that rock road farmers all over the nation have the biggest bank accounts.—St. Joseph Stock Yards Journal.

T. T. M. BALL NEW YEARS

THE FIRST ANNUAL BALL AND BANQUET, DECEMBER 31, 1879.

Union Hall Scene of Splendor and Merriment to See Old Year Out and the New Year In.

(From Nodaway Democrat Files.) In August last there was organized in this city a club known as the "T. T. M. Dancing Club." What the three initials represent no one knows except the male members of the club, and we doubt if there is any one who cares to know, unless, perhaps, a few of the secret-loving ladies who are considered as honorary members of the organization. Every one does know, however, that they have held very pleasant parties every alternate Thursday evening since the date of their opening complimentary reception, August 29, 1878, and that their first annual ball and banquet on the evening of December 31, was by far the most brilliant and highly successful social gathering ever assembled in this city.

The Invitation.

A few weeks since the following invitation was issued to a large number of friends of the club: Yourself and Ladies are Respectfully Invited to Attend the First Annual Ball and Banquet of the T. T. M. Club of Maryville, Mo., at Union Hall, Tuesday evening, December 31, 1878.

As a result of this invitation there was present at Union Hall, last Tuesday evening, about thirty-five couples, many from abroad, to participate in the ball and partake of the sumptuous banquet.

Decorations Elaborate.

During the entire day previous to the party, the members were busy decorating the hall and getting everything in readiness. A brief description of the decorations may not be uninteresting. As you enter the large folding doors at the main entrance, and look down the broad aisle, directly over the footlights, the visitor's eye rests upon three large evergreen letters "T. T. M." and immediately underneath, in gilt letters, the line "A Happy New Year to All, 1879." To the left of the stage, tastefully arranged in three lines, the following, "Compliments of the Season;" on the right, arranged in the same manner, was "On With the Dance." Between the windows, on both sides of the house, were numbers of beautiful chromos, which added much to the appearance of the hall. To say that the committee on decoration accomplished as much as could have been and that Union Hall looked more inviting than ever before, is but to give a faint idea of the successful results of their labors.

The music was furnished by Prof. Chapin's full orchestra, composed of the following named gentlemen: Prof. Chapin, Prof. Felix Anstett, Ed Gossett, Robert Neighbors and John Krutch.

Supper was served from 12 to 1 o'clock. If there is any feature of the entire affair that is highly commendable it certainly is due the banquet, which was prepared at Ed Moss' restaurant, under the personal supervision of Mrs. Moss.

Who Were There.

Among those present a newspaper reporter noticed, Mr. and Mrs. A. E. Sawyer, Atchison, Kan.; Mr. and Mrs. Miller and Mr. and Mrs. Baker, Topeka, Kan.; Miss Allie Donovan, James Donovan, Charles Wehl, Jno. B. Rogers Wm. Ardery and Al White, St. Joseph; Miss Annie Childs, Byron Kelly, Sammie Kelly, William Lambright, Sam Monroe, Savannah; Miss Annie Ford, Rochester; Geo. Sweeney, Mr. and Mrs. J. W. McMacken and Mrs. Col. Peirson, Bedford, Ia.; Mr. and Mrs. Isham White Mr. and Mrs. E. P. Sampson, Mrs. T. Shoemaker, Miss Mattie McCoy, Chillicothe, Ohio; Miss Sallie Flournoy, Independence, Mo.; Misses Sallie Lamar, Emma Ridgeway, Mary Stephenson, Mina Hagan, Ella Redmond, Lizzie Walker, Mollie and Lou Smith, Allie Catterlin, Lizzie Leighty, Ella Wright, Vira Young, Laura Snyder, Carrie Prida, Messrs G. B. Holmes, J. Lamar, John Riggins, Walter Morehouse, H. Turner, E. R. Saunders, T. H. Boreland C. Laing, Frank McMacken, Frank Ridgeway, Frank Carson, Will Hastings, James Monier, W. Wright, Henry Wright, D. R. Eversole, Geo. Hatton, Gus Romasser, Frank Shoemaker, Geo. W. Howell and Frank Andrews.

The merry throng did not disperse until a late hour; not until long after the old year had gone and the new had

come, and they had wished each other a "happy new year."

The News and a host of friends of the T. T. M. Club wish them God speed and many such happy events. The present officers of the club are, D. R. Eversole, president; Geo. H. Hatton vice president; J. J. Lamar, secretary, and H. M. Turner, treasurer.

EYES OF SAXONY ON CROWN PRINCE

Rumor Says King Frederick May Abdicate.

FEAR MOTHER'S INFLUENCE.

Comparative Poverty Has Kept Divorced Wife of Ruler Quiet in Recent Years, but People Are Worried That She Will Become Active Again if Son Takes Throne.

Paris.—A rumor that King Frederick of Saxony was considering the abdication of his throne in favor of his son, Prince George, probably owes its inspiration to the festivities arranged in Dresden for the young man's twenty-third birthday anniversary on Jan. 15, coupled with the fact that for the past three years, since he became twenty, he has been gradually initiated into state affairs, more and more taking his father's place in the reception of minor committees from the council of ministers and parliament. This has been in accordance with the policy of state to take every precautionary measure possible to protect the heir to the Saxon throne and the Saxon people from the influence of Prince George's mother, the notorious ex-Crown Princess Louise, in the event of the sudden death of King Frederick and the accession of Prince George.

The Saxon government fears ex-Crown Princess Louise's baneful influence upon her son almost as much as the Prussians of a century ago feared Napoleon. She is their nightmare, and

Photo by American Press Association.

PRINCE GEORGE

as long as Prince George remains young and without experience in the grave responsibilities of state the government is in dread of possible complications. Everything is being done to give him a full appreciation of his duty as king.

Prince George has not seen his mother for several years, since her so-called "memoirs" were published. She eloped from the royal palace some years ago with his tutor, Giron, and was divorced by King Frederick, being compelled to renounce her title as crown princess, her husband conferring upon her the title of Countess of Montignoso. The king took charge of the girl baby born to Louise after her elopement, the child being christened as the king's and given the name of Princess Anne Monique Pie, being included in the royal family and kept away from the mother entirely. Louise's later escapade in marrying an Italian pianist, Toselli, the publicity of a divorce from him and a fight for the child born of this union, with the publication of her memoirs ridiculing her husband's family, had the effect of completely alienating King Frederick and his government from her. Comparative poverty has kept her quiet in recent years.

Prince George's marriage has already received a good deal of attention by his father and the Dresden court, since it is obviously wise to see him settled down early with a prudent wife, whose influence would counteract any which his mother would attempt to exert. A few months before the war it was said that informal negotiations had been opened with the czar for an alliance between the heir to the Saxon throne and the Grand Duchess Tatiana, the czar's second daughter, who will be nineteen next May, a beautiful girl, vivacious and intelligent. This match is, of course, quite impossible now, and the prospective bride generally spoken of at this time is Princess Stephanie of Hohenzollern-Sigmaringen, the daughter of Prince Karl of Hohenzollern, who is two years younger than Prince George.

DRANK WINE FOR 117 YEARS.

Italian Lady Who Never Tasted Water Outlived Twelve Children Who Did. Rome.—Mrs. Paolina Pelligrini, who never tasted water, but always drank wine, died at San Michele recently, aged 117 years.

Her twelve children, who, according to the old lady, "were addicted to the pernicious habit of drinking water," have been dead many years.

ALL CHILDREN LOVE "SYRUP OF FIGS" FOR LIVER AND BOWELS

Give It When Feverish, Cross, Bilious, For Bad Breath or Sour Stomach.

Look at the tongue, Mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once.

When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, breath bad; has stomach-ache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

You needn't coax sick children to take this harmless "fruit laxative;" they love its delicious taste, and it always makes them feel splendid.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeiters sold here. To be sure you get the genuine, ask to see that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.

FROM K. U. TO M. U. BY WIRELESS.

In Future Athletic Scores Will Be Sent as Radiograms.

Lawrence, Kan., Jan. 22.—Wireless communication between the University of Missouri and the University of Kansas has been established, and in the future the scores of athletic contests between the two schools will be passed by wireless.

Graham News

Mr. and Mrs. Martin Casey who have been living on the John Ulman farm northeast of here for some time are going to have a public sale Friday of this week. They intend to move to south Missouri in the near future.

The pictures which our manager is putting on at the Peerless theatre are the same pictures that were shown in St. Joseph last week. This means that Mr. Taylor is doing his best to give us good pictures.

Mary Hill is very ill this week. Frank Kettering is having his ice house filled.

Miss Jennie Collins went to Maryville the first of the week to visit a few days with friends.

Miss Gladys Dougherty returned to Bolekow Monday after attending the funeral of Mrs. Cramer.

Miss Verna Widener returned to St. Joseph Tuesday after a visit with her grandmother, Mrs. W. H. Wright.

Miss Laura Harter of Centerville, Iowa, visited with the W. R. Hukell family several days this week.

Sol Loffer and daughter, Mrs. Clark, left last Friday for the latter's home in Gravette, Ark., after spending a couple of weeks at the Jas. Loffer home.

The school board is making some change in the heating arrangements in our building.

Emmett Crawford and wife went to St. Joseph on business Tuesday evening.

S. A. Harmon and Jos. Holliday were in St. Joseph the first of the week.

Miss Anna Bleich and Mrs. Clark Harmon are St. Joseph visitors this week.

John Hastings who has been visiting relatives in Iowa, returned to Graham Tuesday evening.

Fred Welling and wife went to St. Joseph Monday to attend the funeral of Mr. Welling's aunt, Mrs. W. S. Leighty.

Mrs. J. K. Smith, who has been very ill for some time is better at present.

The officers and teachers were elected for 1916 at the Christian church, Sunday. They are as follows: supt. P. L. Trapp; asst. supt., Mrs. Harlan; sec., J. B. Weddle; treas., C. C. Trapp; librarians, Harold Harlan and George Walden; organist, Miss Cora Miller; chorister, Irma Trapp. Teachers—Class No. 1, Mrs. Ada Crawford; Class No. 2, C. C. Trapp; Class No. 3, Miss Cora Miller; Class No. 4, Mrs. P. L. Trapp; Class No. 5, J. B. Weddle.

Wesley Baker spent the week-end in Maryville.

V. Luther visited in Bigelow the last of the week.

Bert Jenkins of Braddyville spent Tuesday at the Weddle home in Graham.

Mrs. S. Shields went to Mound City the first of the week.

Mrs. C. A. Crawford spent Wednesday in St. Joseph.

Mrs. E. A. Scheppskey is improving from an attack of sciatic rheumatism. Oren Shelton was a St. Joseph visitor this week.

J. Peery of Mound City visited friends in Graham this week.

SIX MONTHS FOR 2 MEN

GEORGE SIGLER AND CHARLES HYATT TO COUNTY JAIL.

Roy Yeaman Must Pay \$300 Fine—W. H. Crawford Special Judge For Today.

Charles Hyatt and George Sigler received sentences of six months each in the county jail from the jury late yesterday afternoon. They were charged with the theft of tarpaulins and tools from Wayne Judah's farm.

The jury that heard the case was composed of Thomas Groves, John Dism, M. C. Humphrey, George W. Porterfield, Dan Donahue, John Perkins, William Killion, O. S. Tudder, John Halasey, H. D. Shull, R. W. Graham and Charles Walker.

Roy Yeaman, charged with permitting gaming on his premises, pleaded guilty in court and was fined \$300 and committed to the county jail until fine and costs are paid.

Judge Arch B. Davis, who has been holding the court, returned to his home in Chillicothe last night. He will be back Monday morning to convene court. At a meeting of the members of the bar this morning, W. H. Crawford was selected as special judge to take several matters in the court this afternoon.

With Judge Crawford sitting this afternoon, two back tax suits were docketed by County Treasurer Tilson against Fred Carr of Thornburg, Neb., who owns land four miles south of Maryville. Two suits were judged in favor of the plaintiff by default, the Bank of Buchanan County getting judgment for \$3,102.05 and attorney fees of 10 per cent against J. Edward and Louisa J. Bilby on an attachment of a note, and W. A. Gorton getting judgment on a note for \$470.05 against S. E. Yeager.

SERIOUS FLOOD AT CHICAGO

Cities and Towns in North Illinois Can Be Saved Only by Cold Wave.

Special to The Democrat-Forum.

Chicago, Jan. 22.—Only a cold wave which is predicted for tonight can prevent a serious flood in this section of the state. Hundreds of thousands of dollars damage already has been inflicted at Joliet, Elgin, Aurora and many small places.

Dynamite was used at Elgin and Aurora to free dammed waters. Chicago residents have been ordered to boil drinking water in fear of the river flow being diverted into Lake Michigan.

"THE ROSARY" BY MAULDING

Miss Agnes Thompson Will Sing Also at Concert of Fourth Regiment Band Tomorrow.

"The Rosary" will be played by Prof. T. B. Maulding, director of the Fourth Regiment band, at the weekly concert tomorrow afternoon. Miss Agnes Thompson will sing. A fox trot by Arthur Pryor will be one of the numbers on the program which follows:

March, "American First," Losey. Selection, "Faust," Gounod. One-step, "I Want to Go to Tokio," Grooms.

"Celebrated Menuet," Paderewski. Cornet solo, "The Rosary," Clark-T. B. Maulding.

March and one-step, "On Your Way," Sanford.

"Old Folks at Home" and "In Foreign Lands," Roberts.

Vocal solo, "All for You," Hardelet—Miss Agnes Thompson.

"Fox Trot," Arthur Pryor.

"Star Spangled Banner."

Films developed and printed. Best work. Crane's.

"SWEET SPRING" SANG BIRDIE

And Many Had Hard Time Not to Believe Today—Also Window Washing and Kodaks.

Are we dreaming or is spring really here? From all indications this is a perfect spring day, a deep blue sky, a penetrating sunshine, walking about town one sees many washing windows, and several are out taking pictures with their kodaks, cameras or whatever pictures are taken with.

Straight on the carpet! We heard a sweet spring bird caroling forth its message of "sweet spring." This weather surely will start the spring poets and the sap in the trees, and the early gardeners that believe an early bird gets the worm and an early garden gets the frost. However, we are truly pleased that this is just the sort of day it is, and though the mud is quite deep, we should worry and keep on the pavement.

Evidently the weather man li—was mistaken or the cold wave is still coming.

Mrs. S. A. Roach returned to her home in Barnard this morning after being the guest of her sister, Mrs. I. E. Tulloch.

GRAHAM'S

Big Dept. "All Sorts of Things"

Sunnybrook News

Mrs. J. J. Johnston and Grandma Johnston are up and around again, after a hard siege of gripe.

The son of Mr. Fred June is very low with pneumonia fever.

Mart DeBord and wife and Edward Patton and family Sundayed at Charles Deitrich's.

W. W. Aten has rented his farm and will return to Nebraska about the last of the month to a farm he owns at that place.

Emery Walker and son of Seymour, Ia., spent a few days with E. C. Young and family, also looking after his farm.

Mr. Allen Hiatt of Moravia, Ia., is spending a few days with his uncle, Samuel Hayworth.

We understand Col. Dick Maurer of Sunnybrook was married to a woman in Ohio last week.

Mrs. James Thompson is visiting with her father, William Cramer, in Maitland, who is very low.

Miss Florence Aten and brother Wilbur were in Bolekow Monday.

John Hanson and W. W. Aten shipped two car loads of cattle and

hogs to St. Joseph market Thursday.

Opha Crawford spent Thursday night with Charles Deitrich and family.

The literary at Lyle school was postponed Friday night on account of the rain.

CANADA MAY GO "DRY."

National Prohibition Proposed Three Years After War.

Special to The Democrat-Forum.

Ottawa, Ontario, Jan. 22.—A resolution calling for prohibition of liquor in Canada for the duration of the war and a reconstructive period of three years thereafter, or until repealed by vote of the people, was adopted today at a meeting of the members of the Dominion Alliance executive, the senate and commons and the Ottawa committee recently organized to further the federal prohibition movement.

The resolution in effect determines the wording of a bill which will be introduced in the commons later in the session. A committee was appointed to wait on the cabinet and ask the government to facilitate passage of the resolution and follow it up with legislation.

BAPTISTS CHANGE

MASS MEETING IN EVENING INSTEAD OF AFTERNOON.

SALOONS VS. CHURCHES

Dr. Smoot Will Discuss This Subject—
"New Testament Church" in
Morning Worship

"For none of us liveth to himself, and no man dieth to himself," was the text of Dr. H. A. Smoot last night upon the topic, "The Immortality of Influence." The subject of tonight will be "God's Greatest Invitation to a Lost World."

"The New Testament Church" will be the subject for tomorrow morning. The first Baptist church will change its plans for a temperance mass meeting in the afternoon and will hold that service in the evening in harmony with all the other churches whose pastors will take anti-saloon subjects. Dr. Smoot's subject will be "The Liquor Traffic versus Christianity, Morality, Honesty, Prosperity, Civilization, Home and Heaven."

Rev. Smoot said in part:

"I want us to see that in our living we exert an influence for good and then in our dying we exert an influence for good, and that's the privilege of every man and woman in this world today, to live a life that will give out good influence, and if we live a life that will give out good influence we will give out good influence in our dying hour, in our departure of this life."

"Our social propensities are such that we want to be associated with people. That desire is placed within us that longs for society, for associations. In the very beginning the Lord God said: 'It is not good that man should be alone,' and He gave him a helpmate. We are all creatures of influence. Our thoughts, our words and our deeds will determine the kind of lives that we live, and the kind of lives that we live will determine the kinds of influences that we give out. 'For as he thinketh in his heart, so is he.' 'Who will render to every man according to his deeds.' 'For there is no respect of persons with God.' These scriptures prove to us that our thoughts, our words and our deeds will determine the kind of life that we live, and the kind of life that we live will determine our influence, whether for good or bad."

"In order to please God and have an influence for God, we must become Christians. We must accept Jesus Christ. It is impossible for an individual to exert the kind of influence that God would have him exert in this life without Christ. 'So then they that are in the flesh cannot please God.' We can only please God when we have been born again and have Him in the spirit and let the spiritual man be in the ascendancy. 'For as many as are led by the Spirit of God, they are the sons of God.'"

"We should guard against doing anything that will be against our influence for good. 'Wherefore, if meat makes my brother to offend, I will eat no flesh while the world standeth, lest I make my brother to offend.' Blessed is that man or woman who is willing to pay the price in self-sacrifice to the honor and glory of God."

"Our influence is indestructible. We are part of a might moral system. We are knit together in this world in which we live. If we exert a good influence that tends to bring blessing to all we come in contact with. If we exert a bad influence, it has the same effect. Adam's sin has effected all posterity now for nearly six thousand years. 'Wherefore as by one man sin entered into the world, and death by sin.' Every person has been touched by that one sin."

"We should guard our thoughts, our words, our deed to determine the kind of lives we live and the kind of lives we live will determine the kind of influence we exert."

VOCATIONAL GUIDANCE WORK

National Educator Tells Advance in Great Method in Annual Report to Secretary.

"Probably no phase of the movement for vocational education exhibits clearer evidence of the rapid evolution in thought and practice that is taking place than vocational guidance," says Dr. W. T. Bawden, specialist in industrial education of the United States Bureau of Education, in his annual review of progress for the year 1915 made to the Secretary of the Interior.

"Only a few short months ago vocational guidance was conceived of chiefly as a matter of giving to boys and girls advice in the choosing of a life work and assisting in the securing of positions. In view of the ambitious attempts made in a few quarters, and especially the claims of a few concerns that have investigated the commercial possibilities of vocational guidance, ex-

travagant expectations have been raised in the popular mind that have not been realized.

"This conception is rapidly passing, however, and among the leaders of the vocational guidance movement the chief function of their work is now regarded as the study of vocational conditions and opportunities, and the making of the resulting information available to boys and girls."

"The most important service that can be rendered the individual youth, under the name of vocational guidance, is to see him to thinking, at the proper time, about the problem of choosing a life work as a problem to be seriously faced and prepared for to make him fully conscious of its existence as a problem to be solved, and aware of the sources of data having any bearing on its solution."

Vocational guidance in its application to college and university students has been receiving special attention according to Dr. Bawden. He points out that sooner or later a closer correlation will have to be worked out between the college course and the life of the community for which students are educated.

"Probably the most serious obstacle to progress in vocational guidance is the aloofness of the school teacher, under ordinary conditions, from such of the world's work, and the practical difficulties in the way of his knowing very much about certain vastly important phases of it through actual participation, or even through close contact."

"Important events during the past year include the offering of a college course for vocational counsellors by Boston University in cooperation with the Vocation Bureau, Boston, Mass., and the announcement by the Tuck School of Finance and Business Administration at Dartmouth, of a new course for employment managers to consider the problems arising in connection with the examination, employment, and training of a staff of employees."

GRIP HAS GOTCH TOE-HOLD

ALWAYS INTRODUCED BY 42-CENT IMETER SNEEZES.

Seat of Power Just Back of Eye Brows Makes Landlord See All Planets.

The grip is a hell-roaring imitation of a cold in the head which has done more to enrich the medical fraternity than toying with a prostrate appendix. It is called the grip because it has one which would make Frank Gotch's toe-hold look like the high hand shake of a Bar Harbor belle.

The grip is always introduced into the family circle by a series of high explosive sneezes which sound like the muffled cut-out on an eight-cylinder truck.

It then locates immediately back of the eyebrows and causes the owner to see the entire solar system every time he stoops over to lace his shoes. If not attacked in the right flank by a quinine pill, it will settle in the neighborhood of the thorax and hang on longer than an agent who has not made a sale in two weeks.

Sometimes it attacks the lungs and causes the patient to converse in a loud and sustained wheeze. One of its most melancholy effects, however, is to paint the nose a deep carmine color and force people to use the shiny, highly-starched department store handkerchief.

The grip has been used in this country only a few years. It was brought over here from France, which accounts for the large pro-German sentiment among people who have had it. A man who has had the grip once will recognize it at once when it runs up to meet him, and will try to compromise with it by wearing rubbers and drinking deep, noisy draughts of hot lemonade and homeopathic pills. This generally causes the grip to take a fresh hold and linger around the premises until shaken off by the magic touch of the spring nerve tonic.

Some people have the grip harder than others and are obliged to call in a doctor, who prescribes medicine which is intended to fit the standard bred influenza. By the time the mistake is discovered, the patient is too far gone to take anything but oatmeal gruel and a stiz bath, and is surprised on recovering to learn that he has consumed \$94.75 worth of automobile mileage. This accounts for the popularity of the family medicine chest, which does not need new rear casings every three months.

The grip would be more likely thought of if it would not jump from one member of the family to another and cause the home to resound from morn till night with the forty-two centimeter sneezes. Leon Reporter.

Another Paper for Moberly.

Moberly is to have a third daily newspaper which will begin publication February 1. The new paper will be a morning publication and will be edited by A. L. Preston, now editor of the Marshall Democrat-News. It is understood that the anti-saloon forces are backing the paper.

Sunday Services at Local Churches

First Baptist.

Lewis M. Hale, pastor.
Sunday school at 9:30 o'clock.
Morning worship at 11 o'clock. Subject of sermon, "New Testament Church," by Dr. H. A. Smoot. Special music.
Young People's meeting at 6:30 o'clock.
Evening sermon by Dr. Smoot at 7:30 o'clock. Subject, "The Liquor Traffic versus Christianity, Morality, Honesty, Prosperity, Civilization, Home and Heaven."

First Methodist.

Gilbert S. Cox, pastor.
Sunday school at 9:30 o'clock.
Morning worship at 10:45. Sermon by the pastor. Subject, "The Attitude of Worship."
Epworth League at 6:30 o'clock. Subject, "Forgiving Enemies." Leader, Robert Groppe.

GRIGSBY IMPROVES ORCHARD

H. G. Templeton, Editor of Fruit Grower Formerly, Hired to Work for Quality.

W. W. Grigsby, proprietor of Orchard Dale Fruit farm, who has been raising some of the finest apples in north-west Missouri, is going to try and improve on the output of his orchard this year, both in quality and quantity.

He has secured the services of H. G. Templeton, a young man who until recently was editor of the St. Joseph Fruit Grower, and who has had considerable experience in orchard work. Mr. Grigsby has attended numerous horticultural shows in the past few years and he thinks we have the soil and climate to compete with any apple region in the United States and an orchard here only needs special care to produce fruit second to none.—Skidmore News.

Nodaway Stockmen at St. Joseph.

The following patrons represented Nodaway county, Mo., on Friday's market: O. O. Herndon, C. T. Rusco, H. B. Besco, Jacob Burch, J. H. Milbank, Parker & Proffitt, Thimmel & Bells, R. C. Philson, Lowrey & Sheley, Fred Neal, Ed Northern, E. E. Crawford, J. Blagg, W. W. Aten, John Hansen, Knick & Knepper, David Wright, D. E. Price, J. S. Carder and O. W. Owens.

Visiting Cousins.

Misses Myrtle and Gertrude Floyd of Bolckow, arrived Friday night for a week end visit their cousins, Misses Mabel and Helen Todd.

Wagner Funeral Services.

The funeral services of the late Hubert Wagner will be held Sunday afternoon at 2 o'clock at St. Mary's Catholic church, conducted by Rev. Father Berthold.

Mrs. Grant Trusty was called to St. Joseph today on account of the illness of her sister, Mrs. D. Christy of Creston, Ia., who is at the Ensworth hospital.

Miss Gladys Goforth, who has been the guest of her sister, Mrs. O. M. Heselwood, returned to her home in Barnard this morning.

Charles Perrin arrived this morning from Chicago and will be the guest of his mother for several days.

THOUSANDS AWAITING GIRL.

Child Was Lost When Her Grandparents Willied Money to Her.

Spokane, Wash.—Somewhere in the inland empire is a little girl between eleven and twelve years of age for whom thousands of dollars are waiting. A widespread search is now being made by Mrs. Lena Johnson of Elgin, Ida., a distant relative, who has the fortune in trust.

Disowned by her own parents, the mother took the girl when a baby to Mrs. Johnson, who was a relative, and asked her to find a home for the child. Mrs. Johnson brought the baby to Spokane in 1904. A few weeks later a home was found by Dr. Mary Latham, who was then head of the Spokane Children's Home society. The home was that of a farmer living somewhere near Spokane. A year later all of the records of the society were destroyed by fire.

In their old age the parents of the mother of the little girl repented of their attitude against their daughter, and when they died some time ago their will showed that all of their money had been left to the grand daughter.

BY WAGON 1,700 MILES.

Two Families Travel From Ohio to Southern Texas.

Austin, Tex.—Traveling in a "pioneer" wagon, such as were used many years ago, two families passed through Austin recently en route to San Antonio. Three horses were used to pull the vehicle. These two families have thus far traveled 1,700 miles in this wagon, coming from Washington Court House, Fayette county, O.

The travelers left Ohio on July 27, 1915, and have been on the road ever since. They consist of Jacob D. Dane, his wife and their son, Walter, and Ralph Wolf and wife and their two children. In reaching Texas the party traveled through Kentucky, Tennessee, Georgia, Mississippi, Arkansas, Oklahoma and Texas. They expect to settle at San Antonio. Three horses pulled the wagon the entire distance.

The Justinian Code.

The Justinian code was, as the name implies, a compilation and rearrangement of existing laws rather than a body of new laws. Justinian's commission authorizing the work was given A. D. 528. To the code the emperor added the pandects, the institutes and the novels. These compilations were known as the Corpus Juris Civilis, or body of civil law. The Justinian code is still the basis of all French law, and many of its principles are even to this day operative in the state of Louisiana.—New York American.

Ring Weighed a Pound.

One of the largest rings is the one which was presented to President Franklin Pierce in 1852 by some citizens of San Francisco. It weighed one pound. The hoop of the ring is cut into squares, on each of which was shown some scene in the history of California. The bezel, bearing the seal, has engraved upon it the arms of the state of California, surrounded by the stars and stripes of the United States and the name of Franklin Pierce. This ring was valued at \$2,000.—Washington Post.
